Projects

DonorCircle
Aug 13 2025

ReactJS **Vite** **TailwindCSS** **NodeJS**

ExpressJS **Postman** **MongoDB**

- Designed and developed a responsive user interface using **ReactJS** and **TailwindCSS**, ensuring an intuitive user experience.

- Used **useForm** hook in ReactJS to manage **form state**, **validation**, and **submissions** while **reducing re-rendering** for better performance.

- Integrated and tested RESTful APIs using **Express.js**, **Node.js**, and **Postman** for seamless donor and recipient data management.

- Worked with **Multer** for file uploads, **bcrypt** for password hashing, and **JWT** for authentication in Express applications.

- Implemented secure data storage and retrieval with **MongoDB**, ensuring confidentiality and accessibility of user information.
